## **Council Faith Formation: Forming Intentional Disciples; Chapters 10 & 11**

- So much going on this month that there wasn't enough time for all to read the chapters to discuss it. Instead, the topic was brought up as to how we are or could be better disciples.
- People are gifted with different talents ó not all can do everything
- People growing in their faith allows them to volunteer for groups or activities they may not have done in the years past.
- How do we get the word out that there are tasks that can be done and they say "oh, I can do that."
